MECHANICS OF THE M & W

3 level rises to the HOW

After 3 Levels we look for an SVC and then wicks to the upside to confirm the MM is trapping Longs

MECHANICS OF THE M & W

At level 3 the wicks on the candles show which traders MM is trying to trap. In this case the wicks are at the top trapping Longs

MECHANICS OF THE M & W

3 level drops to the LOW

MECHANICS OF THE M & W

Higher Low confirming the trap

At level 3 the wicks on the candles show which traders MM is trying to trap. In this case the wicks are at the top trapping Shorts

MECHANICS OF THE M & W

MECHANICS OF THE M & W

SVC

Equal or similar volume as large candle that stops price at the top/ bottom of a trend that we assume to be the MM
